[What You Should Know About Domestic Violence \[1\]](#)

Domestic Violence is a pattern of abusive behavior that can happen in a dating, marital, or live-in intimate partner relationship. In an abusive relationship, one partner tries to maintain control over the other by using physical, psychological, verbal, and sexual violence. Although factors such as drug and alcohol use, stress, or a family history of abuse may contribute to the problem, domestic violence is primarily an issue of power and control.
